

Top Choice Frenchies

Puppy Health Guarantee

581 Zenobia Road
Norwalk, Ohio 44857

419-577-0112

We guarantee this puppy to be healthy and sound at the time of purchase until one year of age.

You are responsible for having your puppy checked at your veterinarian within a reasonable time frame (2 to 3 weeks) from purchase or this guarantee is void. Call your vet and let them know you just got a puppy and they will make arrangements for your first appt. Your vet will establish a schedule for you to follow for vaccinations and worming that will keep your puppy healthy. Please follow this for the life of your pet. You must contact us within 24 hours if there are any health concerns.

Any health problems or concerns must be verified by a veterinarian and documentation must be provided with a phone number for us to contact. As the breeder we will consult with our own veterinarian on any concerns. Your puppy has been to our vet and cleared of any major health issues. This guarantee does not cover coccidia, giardia or any preventable diseases resulting from lack of proper vaccinations or care; we are not responsible for your pets routine vet bills.

Your puppy must be spayed/neutered. Your family vet will give you a suggestion on when is the best time for the health of your dog. This puppy is being sold as a family pet only and no breeding rights are given. If breeding rights are wanted, an additional fee will be charged.

If at any time in the life of the dog you are unable to care for/keep the dog; the breeder (Top Choice Frenchies) must be notified and the puppy/dog will be returned to us. No money will be returned, and no pup replacement will be given. You, as the buyer, agree to never relinquish the dog to an animal shelter, pound, humane society or resell/give the puppy to another party for any reason. We, as the breeder, ask that the puppy/dog be returned to us.

We have put our heart and soul into growing a healthy pup for you to have as your family pet. They mean a lot to us! We have a love for this breed and the pups we raise. Please share photos and updates with us regularly. We care about their development, temperament and personality! We want to see what we are producing to help us determine future litters.

Thank you for choosing Top Choice Frenchies! We look forward to hearing from you and watching your puppy grow!
